

OUR AIM IS BETTER SERVICE

It is our intention to make our service to this community better and better as time passes.

You can aid us in improving the service. It will not cost you anything, and will benefit you greatly.

WE WANT YOU TO COMPLAIN—Complain to us, when any purchase is not entirely satisfactory or is not exactly as expected.

We, in turn, will right the matter AT ONCE and do our best to see that it doesn't occur again.

Our ambition is to make our service the BEST it can be made. Will you help us, and profit by it?

Hay, Grain, High Patent Flour, Millstuffs, Salt, Sugar and THAT GOOD CASTLE GATE COAL—tons of the latter already stored for your winter use.

The highest price heretofore paid in this section of the country was that paid to Harrison Bros. of Thompson, Wyo., for a hundred thousand-pound clip about a month ago. The wool was adapted to the spinning of army uniforms and blankets and this is one of the reasons that it brought such a high price.

The price at which the greater part of the Utah wool was contracted ranged from twenty-five to forty-five cents, and those who refused to contract received between thirty-five and forty-five cents for their clip during the season.

**NEW COUNTY CREATED
BY TWO TO ONE VOTE**

VERMILION Aug. 15.—This election for the creation of a new county in the northeastern corner of the state is known as **"mostest"** county, carried by a vote of three hundred and nineteen to one hundred and thirty-one.

The election was held July 20th, and no statement as to the exact returns was made until the canvass made by the county commissioners.

The present commissioners are

coming to Price from Washington, D. C., within a few days to make investigation into claims for pensions in behalf of the Indians and veterans of this state. It is found that the mostest folks are in such shape that expert investigation is required to pass upon the validity of the claims already put in and those expected yet to come.

There are more than eighteen hundred claims filed and it is thought

that the total will reach somewhere over two thousand.

ASK ANYONE WHO HAS USED IT

These are families who always aim to keep a bottle of Chamberlain's Cold and Rheumatism Remedy in the house for use in case it is needed, and find that it is not only a good investment, but saves them no end of suffering. As to its reliability, ask anyone who has used it.—Advt.
